VOLUME CVIII.--NO. 112. ALEXANDRIA, VA., FRIDAY EVENING, MAY 10, 1907. PRICE 2 CENTS.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

UNHAPPINESS DISPELLED.

Men and Women Unanimous About It.

Many women weep and wail and refuse to be comforted because their once magnificent tresses have become thin and faded. Many men incline to profanity because the flies bite through the thin thatch on their craniums. It will be good news to the miserable of both sexes, to learn that Newbro's Herpicide has been placed upon the market. This is the new scalp germicide and antiseptic that acts by destroying the germ or microbe that is the underlying cause of all hair destruction. Herpicide is a new preparation, made after a new formula on an entirely new principle. Anyone who has tried it will testify as to its worth. Try it yourself and be convinced. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Weak Kidneys

Weak Kidneys, surely point to weak kidney Nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine scalds, or is dark and strong, if you have symptoms of Brights or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. Druggist recommend and sell

Riotous Procedures in New York.

A crowd of strikers from the docks in the vicinity of west Twenty-fourth street, New York, dragged two strikebreakers from a Twenty-third street crosstown car last night, beat them into unconsciousness, and terrorized the neighborhood for some time until policemen arrived on the scene and, with drawn clubs and revolvers, drove back the rioters.

The two men that were assaulted are Joseph Doveno, fifty-seven years old, and his boy Tony, who is eighteen years old. The Dovencs had been out of work for some time, and recently got jobs as painters on the Wilson line dock. The painters employed on this dock have gone out on strike in sympathy with the longshoremen. The mob attacked the men on a car and began beating the two with clubs and their fists. Young Doveno drew a revolver and fired four shots into the crowd. The greatest kind of excitement followed. Women fainted and passengers rushed from that and other cars in the greatest confusion. The strikers dragged the two Italians from the car and beat them until they lay senseless in the street. The mob, augmented by all sorts of hoodlums, knew no bounds by this time, and began hurling rocks and other missiles at the car. All of the windows were shattered, and the crowd began to treat other cars in the same fashion. When the clubs failed to persuade, the policemen drew their revolvers, and leveling them at the heads of the mob drove the rioters before them.

Longshoremen's Union No. 1, of Brooklyn was formed yesterday. After the meeting it was announced that the union was composed of 9,000 men. It was decided to increase the original demands of the men to 40 cents an hour for day work and 60 cents an hour for night work.

The passengers came to the aid of the Oscar II, of the Scandinavian line, which sailed yesterday afternoon, and put aboard their own baggage. Many of these arrived on trains from the west, and, learning that the vessel was likely to be slightly delayed, voluntarily undertook to expedite matters. Among the volunteers were three women, who loaded their trunks upon a truck and trundled them down to the gangway.

Let me mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptons only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free Book now. Dr. Shoop's Restorative sold by E. S. Leadbeater & Sons.

Rev. Cavanaugh's Crusade.

The Binghamton, N. Y., Evening Herald of last Wednesday contains the following in reference to Rev. John Cavnaugh, former pastor of the Free Methodist Church in this city:

John Cavnaugh, a temperance orator, who has been all over the country holding street meetings, is in the city on his fourth visit and is holding meetings in the streets or barrooms, and also speaks regularly each night at the City Mission.

This noon he addressed a street audience at the corner of State and Court streets. He is called "The Witty Irishman," and he certainly displayed his ability this noon. While temperance was his main theme he brought in other themes. Here are some of the remarks that tickled the crowd:

"You go to dances just to hug other men's wives. If you had to dance one set with your own wife, you would stop in the middle of the dance.

"You drinkers go out and imbibe good hard booze. You go home and strike your wife and pound her. Then if she does not do everything that is pleasing to you, why, you get mad. She may not be what she ought to be—but how about yourself?

"A friend in the crowd asks if I believe in the creation of the world by the Lord. Of course I do. The Lord at that time also created man and man has been causing trouble ever since."

A rounder in the crowd asked, "Who employs you?" Quick as a flash came the reply: "Whoever employs you certainly gets the worth of his money." The crowd roared.

The crowd grew so large that finally the police told the men to disperse. Cavnaugh wound up his discourse with an invitation to the loafers to attend the City Mission and some promised to do so.

He Fought at Gettysburg.

Davis Parker, of Fayette, N. Y., who lost a foot at Gettysburg, writes: "Electric Bitters have done me more good than any medicine I ever took. For several years I had stomach trouble, and paid out much money for medicine to little purpose, until I began taking Electric Bitters. I would not take $500 for what they have done for me." Grand tonic for the aged and for female weaknesses. Great alterative and body builder; sure cure for lame back and weak kidneys. Guaranteed by E. S. Leadbeater & Sons, druggists, 50c.

BUFFALO LITHIA WATER

The Great Solvent and Eliminator of URIC ACID and other POISONS.

"Doubly Efficient in Rheumatism and Gout, and an Important Corrective of Digestive Failures."

John V. Shoemaker, M. D., LL. D., *Professor of Materia Medica and Therapeutics in the Medico-Chirurgical College of Philadelphia*, etc., in the *New York Medical Journal*, July 22, 1899 says: "The BUFFALO LITHIA WATER is doubly efficient in rheumatism and gout. It dissolves uric acid and phosphatic sediments, as well as other products difficult of elimination, while at the same time it exerts a moderately stimulant effect upon the renal cells and thereby facilitates the swift removal of insoluble materials from the body. Without such action insoluble substances will precipitate in the kidneys and bladder. The intense suffering produced by stone, together with consecutive pyelitis and cystitis, are avoided by prompt elimination. Unquestionably, although the speedy removal of uric acid and other products of faulty tissue change is of conspicuous benefit, yet to prevent their formation is a service still more important. This service is performed by the BUFFALO LITHIA WATER when it corrects those digestive failures which are responsible for the production of deleterious materials.

James L. Cabell, M. D., A. M., LL. D., *Formerly Professor of Physiology and Surgery in the Medical Department of the University of Virginia, and President of the National Board of Health says*: "BUFFALO LITHIA WATER in Uric Acid Diathesis is a well-known therapeutic resource. It should be recognized by the profession as an article of Materia Medica."

Dr. Chas. G. Hill, *Professor of Nervous and Mental Diseases, Baltimore Medical College, Baltimore, Md.*: "In many forms of nervous exhaustion, accompanying an excess of urates and phosphates, it is invaluable."

Dr. J. T. DeBlanchard, *Professor Montreal Clinic, SM., SN., V. U.*: "I have used BUFFALO LITHIA WATER in most obstinate cases of Chronic Inflammation of the Bladder, in Stone in the Bladder, in Uric Acid Gravel, with the most efficacious results."

BUFFALO LITHIA WATER is for sale by Grocers and Druggists generally. Testimonials which defy all imputation or question sent to any address.

SIC SEMPER TYRANNIS

FRIDAY EVENING, MAY 10, 1907.

FROM President Roosevelt down, all the Taft boomers in Washington are talking as if they think the Secretary of War is as good as nominated for the presidency as a result of the sudden collapse of the Foraker-Dick-Cox opposition in Ohio Wednesday, when Foraker and Cox gave out statements committing themselves to the support of Taft for the nomination. The President is jubilant, and can not refrain from telling his callers how happy he is because his corpulent friend is "a winner." To the friends of other candidates the President has more than once declared that he has no intention of attempting to dictate the nomination of his successor, but he does not try to conceal the ardent hope he cherishes that he may ride to the Capitol on next inauguration day in the same carriage with William H. Taft. The Taft people declare unanimously that the surrender of the Foraker-Dick crowd was unconditional; that no deal had been made with them by the Secretary of War or his representatives in Ohio, and that they had given up the fight for the simple reason that the sentiment for Taft among the rank and file of Ohio republicans was so overwhelming they realized it was suicidal longer to stand out against it. Taft's supporters predict the effect of the collapse of the opposition to his nomination in his own State will cause his boom to spread like wildfire in other States from this on, and that the so-called reactionaries will not be able to make further headway in any quarter.

VIRGINIA DIVISION, Travelers' Protective Association, is again in session in Alexandria. The organization met here six years ago, and its coming was greeted with delight then as it has been on this occasion. The members of the convention are representatives of the business interests of the Old Dominion, and it takes but a glance at their personnel to see that they are among the busy men of this progressive age, animated by the push and energy required of men in their calling of life. The members of the convention have been heartily welcomed and every effort has been made to entertain them and make their visit to Alexandria interesting. The body is composed of men who appreciate the courtesies extended them and they will doubtless bid adieu to our city with pleasant recollections of their stay, while their two days' visit will prove equally as pleasant to their hosts.

A DISPATCH from St. Petersburg says it is believed in diplomatic circles that a definite change of attitude on the part of Great Britain toward the question of discussing the limitation of armaments at The Hague conference is in contemplation. It is not expected that Great Britain will withdraw entirely her proposal, but that by a modification of the presentation of the subject, she will enable it to be gracefully shelved by the conference without placing any of the powers in an embarrassing position. The proposed disarmament has met with so little favor by the "world powers" that it is more than probable that the subject will not be broached at The Hague conference.

E. H. HARRIMAN disclosed the other side of Union Pacific financing yesterday in New York. Instead of the $56,000,000 cash assets reported at the close of the last fiscal year or just before the declaration of the much discussed Southern and Union Pacific dividends, he showed that Union Pacific required more than $60,000,000 to pay its floating indebtedness, and, with the customary formal sanction of his directors, announced a forthcoming issue of $75,000,000 new Union Pacific securities. It seems that there is "another side" to nearly all the financial statements issued by railroad manipulators.

THE San Francisco conflagration of April, 1906, swept away every dollar of profit previously made by the insurance companies out of underwriting since 1860 and cost them $79,708,174 besides. President G. W. Burchell, of the National Board of Underwriters, at the annual meeting of that organization made this statement, and said the total property loss was $350,000,000. The total loss of insurance companies was between $220,000,000 and $225,000,000. While the San Francisco loss was tremendous it is thought that Mr. Burchell has placed the figures too high.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, May 10.

It is stated with the utmost positiveness here that Secretary Taft's friends have entered into no deal, compromise, or agreement of any kind, with the Foraker forces and further that there is no intention of doing so. From the beginning when Secretary Taft first permitted his name to be used as a presidential candidate, he has insisted that he should be bound by no promises or understandings, and that is the situation today. He has also desired that his candidacy for the presidential nomination should be kept entirely distinct from any other political issue. For that reason his friends, it is understood here, will not join in any endorsement of Foraker for the senatorial nomination, despite the fact that Foraker's friends are now coming out for Taft for the presidency. It is realized that there is a very considerable sentiment throughout Ohio which is opposed to Senator Foraker and which will fight against giving him another term. In the interests of their candidate Taft's friends are not going to antagonize this sentiment by lending any assistance to Foraker. It is not necessary for them to come out and make a fight against Foraker either, for the senatorial contest is no concern of theirs. They will occupy a comparatively neutral attitude and Foraker will have to make his campaign with his own resources without expecting aid or comfort from the Taft forces. That means that he now has the fight of his life on his hands.

With foreign notables as thick as hops in Washington, officialdom is busy doing the honors properly. Today it is nip and tuck between the Duke of Abruzzi, cousin of the King of Italy, and consequently the nearest approach to royalty among the guests, and the hero of the Yalu, Gen. Kuroki, and his staff. The duke got first innings today, he being the guest of honor at a luncheon with the President at the White House at 1:30 o'clock. The Italian ambassador was the only other guest at the table. If the duke showed off in his grand lonesomeness at the luncheon, General Kuroki got even at the reception. The little Japanese was easily the most conspicious at that event which began at 2:30. Those invited were the delegations of various governments to the Jamestown Exposition now lingering in the city, among them, the representatives of Japan, China, Belgium, Brazil, and Italy. Tomorrow evening the President will have at dinner the heads of these delegations, and nearly everybody who is anybody in Washington will give receptions later in the evening.

Rice, made plump and healthy looking by a delicate dress of paraffin, has been proscribed by the goverment. The department of Agriculture says that rice is a diet often recommended for those suffering from impaired digestion, that the use of paraffin in such cases is at least of questionable propriety and in its opinion should be excluded from food products.

While there has been less war talk in dispatches from Mexico and Guatemala the past few days, information in the hands of State Department officials shows conclusively that the crisis in the affairs of the Guatemalan republic has arrived, and within the next few days President Estrada Cabrera will find himself compelled either to fight President Diaz, of Mexico, or else surrender his loyal friend and supporter, Gen. Lima. To fight Mexico would be suicide for Guatemala, it is conceded on all hands, yet by his deterained stand, Cobrera has shown the diplomats here who are endeavoring to solve the problem, that he is not one to easily or readily back down. Whether Mexico will accept a compromise, and agree that Gen. Lima shall be tried in Guatemala for instigating the murder of Gen. Barillas, the former president of Guatemala, who has been living in political exile in Mexico City, cannot be said at this time. Cabrera is said to be willing to this, but Diaz doubts his sincerity and is determined that the promoter of the crime that was enacted in his country shall not go unpunished.

The threatened labor troubles on the Panama canal have been averted and there will be no strike. Secretary Taft today received a cablegram announcing that all of the employees, with the exception of a few individuals, have accepted his decision refusing their demand for an increase of wages.

The Court of Appeals today in the case of William G. Crawford, convicted December 30, 1905, of conspiracy to defraud the United States in the purchase of letter carrier supplies, affirmed the judgemnt of the lower courts. August W. Machen, who was named as co-defendant in the case, is now serving a term in the Moundsville penitentiary.

The Spanish Minister, Senor Don Ramon Pina, was first informed by the Publishers' Press of the birth of a son to the Queen of Spain. Immediately after the receipt of the bulletin from Madrid the Washington bureau of the association telephoned to the minister in his apartments at the Connecticut "What? A son? Fine! fine! fine!" said the minister. "I have not yet received the news from any other source. Is it really true? Fine!" Later in the day the minister received official notification from Madrid, together with the request that he "tell all Spanish officials and people in the United States."

Ohio Republicans.

United States Senator Charles Dick, chairman of the Ohio republican State executive committee, announced yesterday in Akron, a formal call for a conference of the State central and executive committees, the chairmen of the republican county executive committees, the elective officers and the republican members of Congress, at Columbus, on May 15.

Senator Dick made the following formal statement:

"The meeting has not been called for the purpose of ratifying any deal or compromise, but to secure party harmony and unity of purpose among Ohio republicans, which, it was thought, could be done after a full and frank exchange of opinion in a representative gathering, and, finally, the adoption of some public expression voicing as nearly as may be the sentiment of Ohio republicans. It is believed that such action would allay any dissensions which now threaten our party strength. If Ohio republicans are to secure the best results in the state and in the country they must be united. What the conference will do I cannot assume to say, but I am hopeful some action will be taken that will restore complete party harmony within the republican party of Ohio and enable it to realize all its ambitions."

Six tugs strained at the big White Star liner Baltic just at the turning of the tide near Sandy Hook yesterday afternoon, and at 4:50 they had her sliding into deep water away from the mudbank at the junction of the Gedney channel and the swash, where the ship grounded nearly twenty-four hours before. Capt. Ransom, of the Baltic, said that the ship went aground while trying to dodge a tramp tank steamer bound in on Wednesday night.

J. H. McCormick's Glorifier, the son of Hastings-Glory, won the sixteenth running of the Metropolitan Handicap at Belmont Park yesterday. Glorifier was one of the outsiders in the betting, and went to the post at 20 to 1. The time, 1:40 4-5, was fast, considering the condition of the track. The Metropolitan Handicap was run as the third race. It was for three-year-olds and upward, at one mile, with $10,000 added, and fifteen horses went to the post.

Grave Conditions in India.

A dispatch from Lahore says the political situation is grave. Troops of all arms are marching upon the city from Mianmir in preparation for grave eventualities. Police are being drafted into the city from all parts of the province.

As an instance of the state of things that warrants these measures, may be mentioned the fact that bodies of stalwart rustics, armed with bludgeons, are moving into Lahore, enlisted by seditious leaders. These gangs are now crowding into the native city.

This is the fiftieth anniversary of the great mutiny, and agitators are taking advantage of the commemoration of the event to inflame the native population. Everything seems to point to the imminence of a native outbreak.

The government has issued a proclamation forbidding meetings of every kind in Lahore and solemnly warning the public not to attend any. Sachlajpatral, one of the prominent Hindu leaders, has been arrested and deported.

Serious rioting has broken out in eastern Bengal. A band of 2,000 Dacoits looted the bazaar at Dewanganj, burned down some adjacent villages, and also set fire to the town of Tarakanda, ten miles from Nasirabad, capital of the Mymunsingh district. A large number of the rioters were arrested.

Palace for London Paupers.

Some of London's paupers soon will be as magnificently housed as princes. The revelations of extravagance and luxury in the Westham workhouse, which so astonished and alarmed London taxpayers recently, bids fair to sink into insignificance as compared with those of the latest paupers' palace which is in the borough of Hammersmith. Its cost is $1,307,680. This paradise of the poor has been carried out in a spirit of lavish and reckless expenditure.

The result is a structure equal, if not superior, to any nobleman's mansion in the land, and vieing in many respects with the finest hotels in London.

"Weary Willie" and "Tired Tim" will enter their palatial home between handsome screens of fitted pitch pine of the finest possible growth and plate glass on a floor tiled with mosaic and surrounded with a dado of encaustic ware of the most expensive art type. The sum of $1,675 per head has been spent for the housing of the paupers of Hammersmith. The cost of the cooking apparatus is $15 per pauper and of electricity $12.50 per annum. A system of duplicate wiring has been introduced similar to that which was rejected for Buckingham palace a few years ago on the score of expense.

Cannibalism in the South Sea.

Vancouver, B. C., May 19—According to advices received here from Sydney, the North German Lloyd steamers Sumatra, recently called at the Sir Charles Harry Group in the South Sea and discovered that cannibalism was being carried on among the natives of the island. The German governor dispatched a boat to the islands. All the villages were distroyed and the ring leaders were arrested and put in prison.

Invitations have been sent out for the wedding of Miss Georgia Randolph Charrington, daughter of Mr. and Mrs. Ernest Astley-Cooper, of Warrenton, and Mr. William Conway Whittle, jr. of Norfolk, which will take place on May 23, at 4 o'clock, in St. James' Church, Warrenton.

The case against Mrs. Maria Stuts and Miss Nellie Miller and two men for alleged immortal conduct on the Old Dominion steamer, and who tried to end their lives Wednesday, when apprehended, was called in the police court in Richmond yesterday. The women are critically ill in the City Hospital and the case went over to Saturday.

The most interested visitors to the Jamestown Exposition grounds yesterday were 600 Japanese sailors. In detachments of 100 or more, headed by interpreters, they scoured the grounds from one end to the other, and there was scarcely anything that the sons of Nippon missed. They were especially interested in the government display, particularly the models of the warships and the two drydocks. It was noticeable that the Japanese were prepared for a campaign, and had ample provision for refreshment, for from each shoulder was slung a canteen.

Bring Lee's Body Back to Virginia.

The Georgia Society of New York city has forwarded a letter to Governor Swanson, in which reference is made to Major General Henry Lee, a Virginian, born in 1756, and who served in the revolutionary war. General Lee was on a trip to Bermuda and on the return to Virginia he was taken ill and the ship put into a Georgia port and the sick man was taken to a private home. He died in 1818. The body was buried at "Dungeness," and has lain in the soil of that State since that time.

The Georgia Society, appreciating the fact that the dust of the hero lies in that State, express the belief that the body should be exhumed and returned to the State which gave him birth and which he honored by conspicuous military service, both on land and sea. The society suggests that the body be removed, that the patriotic societies of the country unite in paying tribute to his worth and patriotism, and ask that President Roosevelt, the governors of the original States and all other bodies interested in the early history of the government act in concert and join in the proposition to build a monument to the memory of the illustrious dead.

The letter suggests that the battleship Georgia bring the body from Georgia to some Virginia port and that the body be buried at such place as shall commend itself to the good judgment of the several bodies to unite in the project.

"Light Horse" Harry Lee was the father of General Robert E. Lee. Cumberland island, upon which he is buried, belonging to the Carnegies. At the time of the revolutionary hero's death he was there visiting its then owner, General Green.—[Richmond News Leader.

Stromboli in Eruption.

A dispatch from Messina, Sicily, says that the eruption of Mount Stromboli was more violent yesterday and the apprehension is growing.

The violence of the present disturbance is declared to be without precedent, even the oldest inhabitants of the Lipari Islands not remembering such threatening conditions. Almost all the people of Stromboli Island have made their escape. Ashes from the volcano have destroyed everything on the island.

The detonations are heard at all the other islands of the group with remarkable distinctness, and produce an effect of terrific roaring. Fears are held that the entire island of Stromboli may be shattered and engulfed.

At the same time the activity of Mount Etna, on the eastern coast of Sicily, has increased. The column of smoke rolling out of the crater serves to reflect the fire within, and the illuminated smoke clouds can be seen from the Catania, Taormina and even from the Straits of Messina.

The people living in the vicinity of Mount Etna are panic-stricken. They are flocking to the churches to pray for the intercession and protection of the Virgin and their patron saints.

To Restrain Vicious Negroes.

A number of leading colored men of Lexington have taken steps for the organization of a civil league for the purpose of ridding themselves of the responsibility of the lawless acts of the vicious members of their race. At a meeting of the conservative and law-abiding negroes of the community a committee was appointed to report on a permanent organization. The following resolution was adopted:

"Resolved, That we will in the future make an organized effort to restrain the vicious and lawless elements of our race in this community."

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Birth of Heir to Spanish Throne.

Madrid, May 10.—The royal flag of Spain floats over the royal palace today and every true Spaniard who has gazed on that symbol of power has emitted a hearty cheer. For that flag, flying from the Punta Del-Diamiante, is the signal to the nation that a Prince of Asturias and heir to the Spanish throne has been born. Madrid is wild with joy.

By royal decree, in accordance with custom, King Alfonso had ordered the presence of the ministers, chief officers of the palace, commanders of the army and navy, captain-general, governor and Mayor of Madrid various commissions representing the legislative bodies, nobility and honorary orders, to attend the "presentation." Ambassadors of the various nations were likewise invited to attend. When the long-looked-for event was announced all the dignataries of the church and state dressed in full robes were at once ushered to the queen's apartment. In an ante-room adjoining the queen's bedroom they awaited the announcement that an heir to the throne had been born. As soon as the royal child could be dressed, it was placed in a little basket upon a golden salver. Bearing his precious burden King Alfonso approached the prime minister to whom the child was presented. Official announcement of the infant's sex was made by this official. In the presence of the dignatries, churchmen and the attending ambassadors Alphonso afterward publicly proclaimed his successor and announced that his title would be Prince of Asturias.

The royal infant was born shortly before one o'clock, and inside of five minutes all Madrid knew of the arrival of a future king. The news was flashed immediately all over Spain and the announcement was received with the greatest rejoicing. As the royal flag was sent flying to the top of the palace, the guns in the fortress began to boom a salute to the new monarch. Every person in Madrid stopped work as the first cannon boomed out. With breathless interest the populace counted the deep reports. On them depended the answer to the question which has been agitating all Spain for weeks—is it a boy or a girl? Even the cheers which resounded through the streets in echo of the cannons booming died out as the guns counted 13, 14, 15. There was a moment of suspense—then with the sixteenth round there was a mighty shout that drowned out every other sound.

Through all the street it was echoed. It was a boy. Again and again the cannon boomed until the twenty-one rounds had been fired, but the balance of the salute was lost.

Had the royal child been an infanta, only fifteen guns would have announced the event. But for a prince the customary salute of twenty-one guns was fired. Many business houses closed their doors and the employes were turned out to join the joy-rioting crowds in the streets.

Great streams of bunting broke out on the fronts of business buildings. Half an hour after the first gun was fired all Madrid was "en fiesta". Similar scenes were enacted in all the cities and towns of Spain. Only this morning the announcement had gone forth over the country that it would probably be two weeks before the royal infant could be expected. The unexpected birth of the Prince of Asturiss therefore was all the more welcome.

The royal baby has been named Alphonso and will be so christened.

Strike Situation in New York.

New York, May 10.—Leaders of the striking longshoremen whose refusal to work has practically crippled harbor shipping all the week declared today that the powerful teamesters' union will join them in the strike and that before night every vessel in port would be tied up. If the teamsters do quit work it will mean the greatest strike New York has seen in many years. If the teamsters join the strikers they will refuse to handle freight to the steamship lines which are in disfavor with the longshoremen. Business has suffered heavy loss owing to the partial tie-up, and business men are becoming disgusted with the situation.

The strikers have pickets placed on guard watching for the arrival of the strike breakers. Any attempt to march them on to the docks is certain to result in violence.

Today the shipping companies charged that the police are in sympathy with the strikers and are not giving them the protection they need. Squads of police guard the docks, but there are not enough of them at any place to cope with a concerted attack by the thousands of strikers along the river fronts, and it is feared serious outbreaks may occur at any moment.

Today the Sound Steamship Lines were hit by the strike. Three hundred men of the Fall River joined the strike. The providence line was also somewhat affected.

Mr. Bryan on "Undesirable Citizens."

Lincoln, May 10—Under the head of "Undesirable Citizens" W. J. Bryan devotes an article in his forthcoming Commoner to President Roosevelt's strictures on Moyer and Haywood. Mr. Bryan censures the President, saying: "It is strange that it did not occur to him that his caustic criticism of the accused would have far more influence on the court and jury than any eulogies pronounced by friends of the accused. He does not confront the accused in court and is not subject to cross-examination and his letter is likely to have more weight with Roosevelt republicans who may be on the jury than all the money the defendants can demand. No one should try to excuse the accused if the evidence shows that they committed murder, and no one should want to convict them unless the evidence does establish their guilt."

Bear Panic in Chicago.

Chicago, May 10—In an unprecedented bear panic on the board of trade today July wheat advanced from 85⅞ to 85¼. The biggest investors are buying heavily and the tendency of the market is to soar again tomorrow. The sharp advance in prices of July wheat was caused by the government report on crop conditions in May. The reduction in the crop has been caused by in wheat countries of the "green bug," a destructive insect, which has attacked the growing grain with disastrous effect. Big traders were caught short.

A Significant Prayer.

Alleged Outrages in Guatamala

Puerto Cortez, May 10.—Americans arriving here today report that the Guatamalan government is committing unspeakable outrages. Women and children are not being spared. A family of ten was massacred by soldiers near Guatamala City by order of the government when Jose Olizera, a wealthy planter, incurred the enmity of the government. When the soldiers went to arrest him, he showed fight and they shot him to death. Every member of his family was then slain. Abeliez Crecare, one of Cabrera's political opponents was tied to a stake in the middle of a hill of poisonous ants. His clothing was stripped from his body and the insects stung him to death. The refuges report that two Americans, C. L. Lullen, of Little Rock, Ark., and Marshall F. Stamms, of Cincinnati, O., are in jail in Guatamala City charged with alleged complicity in a conspiracy to assassinate President Cabrera.

Dr. Robin's Report.

Wilmington, Del., May 10—Dr. Albert Robin, city bacterilogist, who has been making a chemical analysis of the stomach and intestines of little Horace Marvin, has completed the work. He has submitted a report of his findings to Attorney General Richards. Dr. Robin would not make public any statements regarding the result of the analysis as obtained by himself. He stated that he did not want to cause any interruption of the plans made by the authorities in charge of the case. He would not say whether any poison had been found in the stomach, and refused to discuss his work. Attorney General Richards said he would not give out any information concerning it until after the inquest.

Would Not Rent to a Negro.

Boston, May 10—Ex Senator C. William Hinds, of Mississippi, one of the leading colored men of the south, believes that the country below Mason and Dixon's line is the place for the negro. He reached this conclusion after spending two weeks trying to rent a desirable house in Boston. Every where says Senator Hinds, he met opposition on account of his color; real estate agents either repulsed him or raised their rents to absurd figures, until finally he abandoned the attempt. "I came north," said Hinds, "expecting to find in Boston, if nowhere else, fair treatment for my race, but in one of the largest real estate offices here I was told that they would not rent to a 'nigger.'"

Killed Child and Herself.

Pittsburg, Pa., May 10.—Alexander Sigsworth, 35 years old, a moulder residing in Allegheny, returned from his night's employment early today and finding the door to his wife's bedroom locked, forced an entrance. Clad in her night robes, the body of the woman was lying on the floor, and on the bed also, cold in death, was the body of their 18-month-old boy. The hearts of both had been pierced by bullets. Despondency and ill-health are the only attributable causes.

Strike in Havana

Havana, Cuba, May 10.—The strike situation among the cigar makers who are staying out for the enforcement of their demands for payment of their wages in American money instead of Spanish gold is becoming critical. There are now 17,000 men out and the number is growing daily. No settlement is in sight and it is feared the strikers may resort to violence. Contributions for the support of the strikers are being sent from the United States, Canada and Mexico.

Murder in the Second Degree.

New York Stock Market.

New York, May 10.—Bankers here and in London took an entirely different view of the Union Pacific financing than prevailed among the trading element here yesterday and there was good buying in the market by strong interests at the opening and during the early trading, causing some sharp recoveries from yesterday's low leve's, especially in Union Pacific, which was again the speculative leader. The strength did not hold and as soon as the early demand was filled the trading element renewed its short selling. The range of fluctuations in the general market were comparatively narrow in spite of frequent drifting. The majority of the changes at the end of the first hour were in the shape of slight declines.

FEEL RUN DOWN?

Many people do in early spring. Perhaps it is the reaction from the winter manner of living. But, whatever the cause, it is an unpleasant condition, unfitting its victims for the activities of life—the proper enjoyment of life itself, in fact. A simple, altogether unobjectionable remedy, well calculated, according to physicians, to restore the lost tone and vitality to the rundown system is composed of 1-4 oz. Fluid Extract Buchu, 1 oz. Balso Mixture, 1-4 oz. Fluid Extract Gentian Compound and 15 ozs. water. These ingredients are obtainable at small expense at any good drug store and may be combined by the pharmacist or at home, as desired. The dose is one tablespoonful three times a day, before meals. The preparation is said to be one of the best spring tonics known to medical men.

Travelers' Protective Association

The sixteenth annual convention of the Virginia Division of the Travelers' Protective Association convened in the Opera House at 9:30 o'clock this morning.

The committee of Post F of this city which had been appointed to make arrangements to welcome and entertain the delegates performed well their respective parts, and everything was in readiness at the appointed hour. Committees had met trains and steamers and escorted the delegates to houses of entertainment and done everything possible to render their visit to Alexandria pleasant. The tenth annual convention of the organization was held in Alexandria, and many of today's visitors recognized acquaintances they had made on that occasion.

The meeting was opened shortly after ten o'clock with prayer by Rev. Joseph R. Sevier.

After the prayer Mayor Paff was introduced. The Mayor in opening his admarks said that he was totally unprepared for any remarks, as he was notified in Newport News but a few days ago of the convention, but he and the citizens of Alexandria extended the members of the organization a most hearty welcome.

Mr. J. Y. Williams, president of the local post, in turning over the meeting to the president of the Virginia division, stated that he would have a confidential talk with Mayor Paff when he got him outside. The speaker spoke in the highest terms of the work accomplished by the State organization, and of the individual efforts of its officers. Mr. Williams then introduced President C. E. Herbert.

President Herbert in his remarks said:

Mr. Chairman and gentlemen: It is my pleasure to thank Mayor Paff for his kind words and hearty welcome extended our organization by the citizens of Alexandria, through their honored Mayor and Post F.

Gentlemen, I trust should any of you fall by the wayside or go astray while here, that his honor will be lenient with you.

Fellow members of Post F, we assure you that the pleasure is all ours in visiting you and your beautiful progressive city. I have heard it said on several occasions, and I believe it so, that Alexandria has the most beautiful suburb (Washington) of any city in the union; surely you have more historical places of great public interest than any other city upon the globe. I have also heard, Mr. Chairman, if you please, that you have here the prettiest girls found in the entire world, with the exception, Norfolk city. Why, my friends, the very name Alexandria sounds great and the city is great. I first visited your city about twelve years ago on my wedding trip, and I am happy to visit your city again, and to accept your kind hospitality.

I thank you again in behalf of Virginia Division for your hearty welcome.

President Herbert then announced the following appointments: Sergeant-at-arms, W. T. Baugh, Petersburg; committee on credentials, Col. John S. Harwood, Richmond; E. R. Barksdale, Norfolk; F. M. Dalton, Petersburg; J. S. Oliver, Danville; committee on rules, J. Y. Williams, Alexandria; Julian Powell, Norfolk; E. B. Stevens, Roanoke; E. H. Clowes, Roanoke; R. W. Price, Petersburg; committee on resolutions, J. H. Bailey, Petersburg; D. S. Trayham, South Boston; D. W. Sale, Lynchburg; A. W. Finch, Roanoke; C. W. Saunders, Richmond; committee on constitutional amendments, J. A. Hill, Richmond; A. D. Brockett, Alexandria; J. Boatwright, Danville; J. J. King, Norfolk; T. Stanley Beckwith, jr., Petersburg; auditing committee, R. M. Graham, Alexandria; T. D. Ware, Norfolk; M. W. Moncure, Richmond.

The meeting then took a recess to allow the committees to arrange their reports.

The convention, after a recess of 40 minutes, was again called to order to hear the reports of the committees. The reports of the president, secretary and treasurer were then read and received.

After receiving the different reports and the benediction by Rev. Dr. Gravatt, of Richmond, the convention took a recess until 1:30 p. m.

The convention reconvened at 2 o'clock when the reading of the reports of the committee was proceeded with.

A rising vote of thanks was extended to Mr. C. W. Saunders, of Richmond, chairman of the membership committee, for the efficient work accomplished during the year.

Mr. E. H. Clowes, chairman of the hotel committee, spoke against tipping waiters and gave the prices of the different hostelries throughout the State

This evening the members visited the various points of interest and this was followed by a reception and buffet luncheon. Tonight the visitors will be entertained at a theatre party in Washington.

NOTES

Among those prominently seen in the convention was Col. John S. Harwood, of Richmond. Col. Harwood served as chief of staff for two governors—O'Ferrell and Montague. In conversation the colonel said that he was a messmate of Judge J. E. Nicol at college and later a deskmate in the Legislature with him, and for this reason he would have to express himself in favor of the judge for Congress.

The sergeant-at-arms was presented with a pitchfork decorated with ribbons, by Mr. J. William May, which was gracefully received.

Col. Harwood stated that in his committee report he probably had made a misstatement when he said that the delegates absent were delayed by high-water; he should have said highballs.

Among the delegates present was Mr. D. W. Sale, of Lynchburg, who is well known in this city.

Mr. J. Y. Williams, president of Post F, requests that all the members of the local post accompany the visiting delegates to Washington tonight.

Mr. J. Y. Williams will be a candidate for re-election to the State board of directors.

Mr. A. D. Brockett entertained a number of the delegates last night among whom were ex-President J. S. Oliver, of Danville, and Messrs. B. B. Adams, of Lynchburg; D. W. Sale, of Lynchburg; J. O. Boatright, of Danville; E. H. Clowes, of Richmond; John S. Harwood, of Richmond; C. E. Herbert, of Norfolk; Mrs. B. B. Adams, of Lynchburg.

A Serious Charge.

A white man, 22 years of age, who says he is from Hanover county and a canvasser by occupation, came to this city two days ago and became acquainted with a sixteen-year-old girl living in the western part of the city. Their acquaintance rapidly ripened and about eight o'clock last night the couple left this city on foot and walked to Accotink, on the Washington-Southern Railway, about ten miles south of Alexandria. The father of the young woman when he discovered that his daughter had left the city with the stranger, procured a horse and carriage and with two friends started in pursuit of the couple. After searching all night the pursuing party found the couple at Accotink station, when an exciting scene occurred. The father and those accompanying him were armed and the man who had figured in the elopement readily capitulated and with the young woman was brought to this city. The man was taken to the station house where a charge of abduction of a female for immoral purposes was made against him. The case was to have been investigated in the Police Court this morning, but it was postponed until tomorrow. In the meantime it will be ascertained whether or not the young woman has been improperly treated by the stranger. The latter is in a cell in the station house and seems to be scared out of a seven years' growth. He claims that his relations with the young woman were honorable; that he intended marrying her; that the objective point of himself and the young woman was Fredericksburg where they were to have been married; that they were afraid to board a train in Alexandria lest they would be intercepted by the father of the young woman and that they agreed to walk to Accotink and take a south bound train at that place.

The man who lured the young woman away from her home gave his name as Harry O'Donnell. His proper name, however, is Charles Mitchell and he came from Richmond and has a record in this city. Some time ago he robbed a dwelling in the night time on upper King street. He was arrested and, in order to avoid the penitentiary, plead guilty to petit larceny and was sent to jail for six months.

Masonic.

The officers of Fredericksburg Lodge, No. 4, last night paid a fraternal visit to Alexandria-Washington Lodge and conferred the Master Masons' degree upon a candidate. The visiting officers of the Fredericksburg Lodge were Worshipful Master J. P. Stiff, Senior Warden Clarence R. Howard and Junior Warden J. E. Timberlake. The occasion was made the more interesting by an official visit paid the lodge by Grand Master J. S. Quinn, of Virginia, and Grand Master Francis J. Woodman, of the District of Columbia. A number of visiting Masons from Washington and elsewhere were present. The chair in which Washington sat when he presided in the lodge but which had been in a glass case for some time, was occupied last night by the visiting Grand Masters. During the evening a handsome set of working tools, a gift from Past Master L. Ruben, was presented to the lodge by Grand Master Quinn in an appropriate speech.

During the evening the Grand Master of the District of Columbia extended an invitation to Washington Lodge to attend the exercises incident to the laying of the corner stone of the Masonic Temple in Washington on June 24th—St. John's Day—and to bring with them the trowel belonging to the lodge and which was used by the Alexandria Lodge in the laying of the corner stone of the United States Capitol.

Dr. Thomas B. Cochran, master of Alexandria-Washington Lodge, and other officers of the lodge met Grand Master Quinn and the officers of Fredericksburg Lodge at the union passenger station yesterday afternoon and escorted them in carriages around the city to see the points of interest. Later the visitors were entertained by Dr. Cochran at a supper at his home, 813 King street. The party then went to Washington on the palace car Mount Vernon, kindly loaned by Superintendent Colvin of the railroad, and the Grand Master of the District was met and escorted to this city.

The meeting of the Masonic Lodge on Friday night will be of unusual interest, as the members will gather to do honor to Capt. S. J. Quinn, Grand Master of Masons of Virginia; Dr. H. H. Johnston, District Deputy Grand Master for the 8th Masonic District, and Mr. P. K. Bauman, Grand Junior Deacon of the Grand Lodge of Virginia. There will also be present, as guests of honor, the Grand Master of Masons of the District of Columbia, Francis J. Woodman, and the stationed officers of Alexandria-Washington Lodge No. 22, of Alexandria. The Master Mason's degree will be conferred during the evening, after which a banquet will be served. —[Fredericksburg Star.

Mrs Wiggs.

Mrs. Wiggs of the Cabbage Patch was admirably presented at the Opera House last night before a large and appreciative audience. The play was smooth and professional in every detail and reflected great credit upon all the persons taking part. The play was arranged by Mrs. O. F. Carter in a most attractive manner while Mrs. M. W. O'Brien was the musical director. The latter, however, on account of illness last night was unable to be present and his place was taken by Mr. Horace B. Ramey. The cast was as follows: Mrs. Wiggs, Miss Mary Leadbeater; Jimmie, John J. Luckett; Asia, Miss May Lillian Darley; Billy, Ernest Alfred Riley; Australia, Miss Louise Elizabeth Butts; Europena, Miss Goldie Christina Everette; Robert Redding, Wilmer Joyce Waller; Lucy Olcott, Miss Mary Glen Uhler; Miss Hazy, Miss Julia Langhorne Cone; Aunt Chloe, Miss Nellie Selden Uhler, and guardian angels, Misses Katharine Carroll Waller and Cleone Frances Riley. The performance was for the benefit of the fund for the maintenance of two cots for children in the Alexandria Hospital. It will be repeated tonight, when the curtain will rise promptly at 8 o'clock.

The Gazette.

A history of what purports to be the oldest newspaper in the southern States was learned last night from Captain B. C. White, special field agent and cotton expert of the United States Agricultural Department, who is stopping at Murphy's Hotel. Captain White said that his attention had been called to the following announcement published at the head of the editorial columns of the Augusta, Ga., Chronicle;

"The oldest newspaper in the southern States. Established 1785, and published continuously for more that 121 years."

"Having been born and reared in Alexandria, Va., and knowing that the old Alexandria Gazette had some pretensions to wearing the grizzled head of many, many years, I thought I would investigate," said Captain White. "My investigations showed that the first record of the Alexandria Gazette dates from 1784, from a record in the office of the clerk of the court, ordering an advertisement to be published four consecutive weeks. Mr. Samual Snowden, grandfather of the present editor, assumed full ownership in 1800, and it has been in the Snowden family for about 108 years, and is still. The fact that the advertisement referred to was ordered to be published in the Gazette shows that it was in existence in 1784, and it behooves the Augusta (Ga.) Chronicle to alter its notice and make it read: 'Next to the oldest newspaper in the southern States.'" — [Richmond Times-Dispatch.

Captain White has the correct history of the Gazette.

Baseball.

The Episcopal High School baseball team will play their rivals, Woodberry Forest, on the High School grounds, near this city, on Monday evening next at 3:30 o'clock. The game is expected to be the biggest of the season at the High School and will be for the championship of Virginia. The High School team has so far won eight games and lost two—one to Woodberry, when the score stood 2 to 1.

The Alexandria Athletic Association baseball team has organized and will play its first game tomorrow evening at 4:30 o'clock on the old fair grounds which have been fixed up by the association, and every comfort for spectators has been provided. A stand has been erected capable of seating five or six hundred people, and nothing but first class games will be arranged. The Alexandria boys will play tomorrow the Metropolitan police team of Washington. The Alexandrias will appear in their new uniforms and the line up will be Kraft, catcher; Donaldson, pitcher; Wilkerson, first base; Penn, second base; Benzette, short-stop; Ed. Herbert, third base; H. O'Brien, left field; Gray, center field; Lucas, right field.

Accident to Freight Train.

Southbound freight train No. 81, of the Southern Railway, was wrecked at an early hour yesterday morning at Lima, a block station a few miles north of Danville. Engineer W. E. Craddock, Fireman E. L. Hamilton and Brakeman A. F. Wilson sustained slight injuries. The wrecked train consisted of thirty cars, and was running at a moderate rate of speed. The accident is supposed to have resulted either from a broken flange or a bent rail. The engine and two coal cars immediately behind it turned over.

Mr. Carlin.

The town hall of Vienna, Fairfax county, was filled last night to hear speeches by C. C. Carlin, one of the candidates for the democratic nomination for Congress from this district, and Messrs. Oliver, Williams and Miller, candidates for the House of Delegates. Dr. Coombs presided and introduced the speakers. About sixty Carlin supporters from Alexandria county went to Vienna on a special car and helped in the enthusiasm. Mr. Carlin's speech was cordially received by the audience.

Thrown from a Buggy.

A stallion attached to a buggy in which Mr. John Ward was seated became frightened in West End about nine o'clock last night and ran away. Mr. Ward was thrown from the buggy and painfully injured and the vehicle smashed. The ambulance was summoned and Mr. Ward was conveyed to the Alexandria Hospital where he received medical attention. His injuries, though painful, are not serious.

The Fishing Season.

Affairs at Fishtown lagged again this morning. Herring were scarce and sold at $7 per thousand and shad as high as $45 and $50 per thousand. It was supposed a few weeks ago that the present fishing season was destined to be an improvement over those of the past few years, but it has now nearly run its course and results have not been satisfactory.

Advice of the largest coffee dealers in the world is always to buy the old-fashioned Arbuckles' ARIOSA Coffee in the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price, for Coffee fluctuates and you cannot get the same coffee for the same price all the time unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckles' ARIOSA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckles' costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckles' ARIOSA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. If your dealer will not supply the genuine, write to ARBUCKLE BROS., New York City.

FRIDAY EVENING, MAY 10, 1907

Colored Baptist Convention.

The fortieth annual session of the Virginia negro Baptist State convention opened at Staunton yesterday morning, with over 500 delegates present from all parts of the state. Rev. R. H. Bowling, D. D. of Norfolk, is president.

The feature of the session yesterday was the annual address of President Bowling, who censured Thomas Dixon, Gova. Vardaman and Davis, Senator Tillman, John Temple Graves, and Gov.-elect Hoke Smith, of Georgia, for stirring up race strife and hatred. He also denounced the legislature of Florida for declaring the fourteenth and fifteen amendaments to the national constitution unconstitutional. He added:

"I fear that we have no special friends today. Look at the action of the President dismissing a whole company of soldiers, without trial. Then we thought we had a great friend in Senator Foraker, but it was all buncombe, because when the President wanted to appoint a negro to office in Cincinnati the great friend of the negro declared it would never do and would injure the party in Ohio.

"The negro must shift for himself. Do not sit down and wait, but get money, education, religion, and character, and by these you may hope to win."

The Virginia Negro Baptist Convention yesterday elected the following officers: R. H. Bowling, D. D., Norfolk, president; W. T. Hall, Danville; R. Tyrell, Lynchburg; W. W. Gaines, Suffolk, and J. B. Smith, Concord, vice-presidents; B. F. Fox, D. D., Salem, recording secretary; L. C. Garland, B. D., Harrisonburg, statistical secretary; W. H. Moses, B. D., Staunton, corresponding secretary; Deacon Adolphus Humbles, Lynchburg, treasurer.

Call at our store, please, for a free sample of Dr. Shoop's "Health Coffee." If real coffee disturbs your Stomach, your Heart or Kidneys, then try this Clever Coffee imitation. While Dr. Shoop has very closely matched Old Java and Mocha Coffee in flavor and taste, yet he has not even a single grain of real Coffee in it. Dr. Shoop's Health Coffee Imitation is made from pure toasted grains or cereals, with Malt, Nuts, etc. You will surely like Health Coffee. Sold by E. S. Leadbeater & Sons.

Major Hunter at Jamestown in 1856

Major Robert W. Major Hunter is one of the few men living who attended the exercises held there in 1857.

Captain John Lamb, member of Congress from this city, is another of the men who was on hand at the celebration fifty years ago.—[Richmond News Leader.

A Hard Debt to Pay.

The ominous dry, hacking cough quit before the first bottle was used, and two more bottles made a complete cure." Nothing has ever equaled New Discovery for coughs, colds and all throat and lung complaints. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.
